IoT HUB AMERICAS

PROUD MEMBER OF:

LoRa Alliance®

What is ICA?

The first IoT+ LoRaWAN congress in LATAM

- Introduction to IoT + LoRaWAN for Decision makers, integrators and users.
- Marketplace for Gateways, sensors, actuators, services and solutions.
- Meeting arena for the creation of a LATAM ecosystem
- Yearly non profit Conference with accessible entrance fees.

Disruption catalyst!

Present the caracteristics and advantages of combined IoT + LoRaWAN protocol solutions and their development.

Evidence the disruptive nature of these solutions and their future impact.

Highlight the incidence on marketing systems, processes, capture and processing of data and the use of BIG DATA and business intelligence to obtain added value.

Audience

- Business owners, managers, IT professionals, University professors, advanced students.
- Enterprises operating in the different verticals of the IoT scene.
- Authorities interested in smart cities solutions.
- Integrators.

Offer

- 300+ participants.
- 12 speakers.
- Product & solution booths.
- Joint lunch for speakers and participants.
- Closure event.

Benefits

- Showcase your solutions, services and products.
- Network with your key target.
- Become part of IoT + LoRaWAN ecosystem in Latinamerica.
